## About Us

Celebrating over a decade of service in Qatar, Energy Design & Services is a trusted leader in the Extra-Low Voltage (ELV) and Building Automation and Control Systems (BACS) industry. Established in [2014], we have built a solid reputation for delivering reliable, high-quality solutions that meet the complex needs of today's digital and connected environments.

## Mission

To provide innovative and reliable ELV and BACS solutions that enhance safety, efficiency, and convenience in the built environment. We aim to exceed client expectations by delivering superior services that are backed by deep technical expertise and unwavering dedication.

## Vision

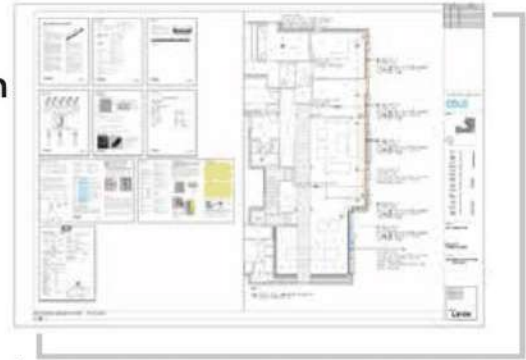

To become the leading ELV integrator and BACS provider in Qatar and the region, known for our excellence in technical solutions, customer service, and commitment to advancing the digital transformation of buildings.

  - » Apps, websites, POS, inventory management softwares

**1. Telecommunications design drawings and implementation** for high raised buildings, corporate offices, universities and hospitals.

- » Stamp And Review Ict Related Drawings.
- » Telecommunication Room And Space Design
- » Cable Calculating Distance/margins/ Loses.
- » Pathway Sizing
- » Rack Layout Design And Arrangement
- » Optical Fiber System Design.
- » Calculating And Design Telecom Bonding System.
- » Reviewing Ict Test Result.
- » Validating Ict Standard And Codes.
- » Control Ict Quality Assurance
- » Writing And Responding To Ict Specification Equivalent.

## **2. Design and Built Data Centers**

- » For corporate offices, hotels, universities.

## **3. LAN and WAN network cabling system**

- » Offices
- » Shops
- » Villas
- » Apartments
- » Industrial Factories
- » Stores And Accommodations

## 4. Fiber cabling splicing

- » Joining Building By Fiber Cabling
- » Cut Jointing
- » OTDR Test Reports
- » ONT Box Shifting Services

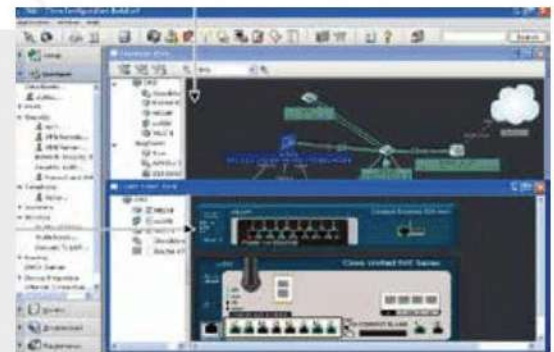

## 5. Cable Arrangement And Labelling

- » Offices
- » Shops
- » Villas
- » Apartments
- » Industrial Factories
- » Stores And Accommodations

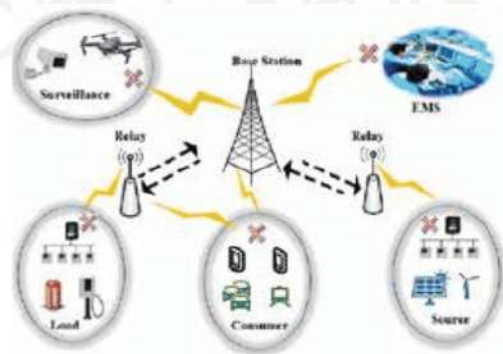

## 6. Network Switch Configuration Services

- » VLAN Configuration
- » Quality of Service
- » Link Aggregation
- » Redundancy
- » Access Control Lists

## 7. wireless communication

- » Offices, Villas, Hotels, Factories
- » Public Places Setup
- » Wifi Routers, Repeaters, Antennas
- » Installation Service.

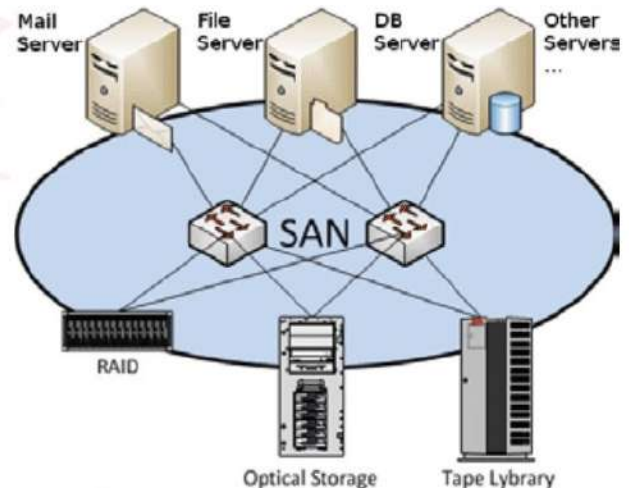

## 8. Server implimentation and migrations

- » Offices
- » Apartments
- » Industrial Factories
- » Data Center

## 9. Data Storage Supply And Migration

- » SAN
- » NAS

## 10. Supply and configure UPS

- » Offices
- » Apartments
- » Industrial Factories
- » Data Center

## 11. CCTV Security Surveillance System

- » Offices
- » Apartments
- » Industrial Factories
- » Villas and Shops

## 12. CCTV Recording, Playback

- » Offices
- » Apartments
- » Industrial Factories
- » Villas and Shops

## 13. Arrange MOI Approvals

- » Drawings
- » Designs

## 14. Access Control system (Installation and Training)

- » Offices
- » Apartments
- » Industrial Factories
- » Hotels

## 15. Time Attendance System

- » Install and Training
- » Staff attendance records
- » Reports

## 16. Fire Alarm And Detection System

- » Install and Troubleshoot

## 17. Repair and maintenance services

- » Computers, Printers And Peripherals
- » Access Controls
- » Security Surveillance Devices
- » Fire Related Devices

## 18. Software And App Development

- » Apps, E-commerce Websites
- » Pos,
- » Inventory Management Softwares

## 19. Home Automation Solutions

- » Lighting and Climate Control
- » Smart Security and Surveillance
- » Entertainment and AV Solutions
- » Energy Management and Customizable Control Interfaces

## 20. Building Automation and Control Systems (BACS)

- » HVAC Control and Optimization
- » Lighting Automation
- » Security and Access Control Integration
- » Smart Building Interfaces

## Brands We Work With

Our company takes pride in working with some of the most trusted brands in the ELV and IT industry, ensuring our clients receive top-quality products and solutions. Our expertise covers a wide range of systems, from surveillance to network and fire safety, and we specialize in configuring and maintaining products specific to each brand's standards.

 Network Products	 Turbo HD Products	 Hikvision Speed Gates & Turnstiles	 Alarm System	 Thermal Cameras	 Audio and Sensing	 Radar	 Premises Distribution System
